

# CAR WASH LIGHTS

FORMERLY "MILE HIGH LED SYSTEMS"

## LEDLINE-X

### Product Description

LEDLINE-X is a waterproof (IP67) and chemical resistant, custom made light system suitable for car wash interior, arch mounting or exterior locations.

Very bright LED lights in a single, seamless design with an innovative heat sync doubling as the mounting bracket. Bendable for mounting to vacuum or chemical arches.

Transform your car wash with seamless light for the length of a bay or tunnel. Make a runway of light that welcomes customers into your facility. Each application is custom built before shipping to make install easy.

### PRODUCT SPECIFICATIONS

- 1100 lm per foot
- Up to 130 lmper watt
- 8W per foot white, color varies
- 24V DC current
- IP67 silicone sealed
- 120 degree beam angle
- 5000K color temperature
